

## ABOUT **MITSUBISHI IMAGING**

Mitsubishi Imaging, a leader in sustainable green technology, has a long history of success serving the imaging needs of the photographic, inkjet, digital press and graphic arts industries.

Mitsubishi Imaging provides sales, marketing, technical support and service to the North and South American markets for the state-of-the-art imaging products manufactured by Mitsubishi Paper Mills.

Mitsubishi customers can choose the right product to help grow their business. Solutions include innovative and ecological CTP systems, as well as premium papers and films for photo, inkjet and digital press technologies.

Printed on DP Luster Dual 190

# DP SERIES PEARLESCENT AND LUSTER PHOTO PAPERS

# MITSUBISHI IMAGING PHOTO PAPERS ARE IDEAL FOR A VARIETY OF SMALL OR HIGH VOLUME PRODUCTION APPLICATIONS

DP Series HP Indigo® certified photo papers are manufactured on the same paper machine as the high-quality, resin coated base papers Mitsubishi pioneered for the silver halide photo market. The result is a paper capable of superior photo reproduction with a brilliance and clarity no other paper on today's market can match.

## DP SERIES FEATURES & BENEFITS:

- Excellent smoothness and consistency from hardwood fibers
- Excellent ink adhesion without the need for lamination
- Reduced fingerprinting
- Glues and folds without cracking—ideal for books

## A Photo Paper for Every Job

### DP LUSTER DUAL 190 / 270

Premium resin coated, luster surface paper reminiscent of silver halide, professional portrait surfaces. It's coated 2-sided luster finish is ideal for fine art prints, greeting cards and posters. Available in two weights.

### DP LUSTER PEARL 180 / 240

Premium resin coated, enhanced luster metallic paper reminiscent of silver halide metallic papers. It's coated 1-side pearlescent luster finish is ideal for fine art prints, greeting cards and posters. Available in two weights.

### DP GLOSS PEARL 180 / 240

Premium resin coated, hi-gloss metallic paper reminiscent of silver halide metallic papers. It's coated 1-side pearlescent gloss finish is ideal for fine art prints, greeting cards and posters. Available in two weights.

### DP LUSTER PEARL DUAL 230

Premium, dual sided, resin coated, enhanced luster metallic paper reminiscent of silver halide metallic papers. It's coated 2-sided pearlescent gloss finish is ideal for photo books, wedding albums and brochures.

### DP LUSTER 190 ROLL

Premium resin coated, luster surface paper reminiscent of silver halide, professional portrait surfaces. DP Luster 190R is certified for HP Indigo® digital presses. Ideal for greeting cards, posters, brochures and other high-volume photo paper applications.

DP Series photo paper features a superior printing surface making it ideal for photo books, wedding albums and brochures.
